

## LATEST PROJECTS

### Marks & Spencer Distribution Centre

Client: Marks & Spencer PLC Value: £530,000

KpH, acting in the role of Principal Contractor for our client Marks and Spencer PLC, and working with Cushman & Wakefield, were engaged on a 12 week programme of

strip-out and enabling works in several Warehouses at the Marks & Spencer Distribution Centre in Warrington.

Our Internal H & S Management Team successfully introduced a dust free floor planing method to remove screed and asbestos bitumen adhesive from floated floor surfaces throughout the Warehouse. Our method of working was praised by the analysts who monitored the air quality during our works and provided evidence that their sampling was within Government guidelines.

We successfully identified waste streams and waste disposal routes to ensure zero % to landfill of non-asbestos containing materials.

We also co-ordinated the complex arrangements and documentation required to utilise a specialist 160 ton crane for the removal of M&E across the external Roof area.

## NEW MODERN SLAVERY LEGISLATION

Following the introduction of new Modern Slavery and Human Trafficking legislation, KpH Group are now reviewing our processes and engaging with our supply chain to make sure we are compliant and are honouring our responsibilities.

## OTHER NEWS

### KpH Group Launch Their New e-Brochure

KpH Group are excited to introduce you to our new company e-brochure!

Please click [here](#) to view all contents.

### New Accreditations

#### SafeContractor

KpH Deconstruction, having been established as an independent subsidiary company of KpH Group Ltd since August last year, has now earned its first accreditation with SafeContractor!

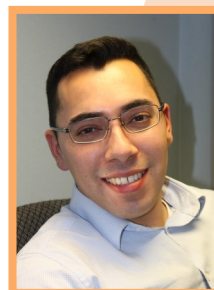

#### FORS Bronze

KpH Group are proud to announce that we have earned our first FORS Bronze accreditation. The Fleet Operator Recognition Scheme (FORS) is a voluntary accreditation scheme encompassing all aspects of safety, fuel efficiency, vehicle emissions and improved operations. This accreditation helps KpH Group to continue demonstrating the competency of our safety and efficiency processes.

### New Business Roles

Diego Martinez joined our very busy Tendering team as an Estimator in July 2016 as part of our graduate training programme. Diego previously spent 4 years at Brighton University doing a masters degree in Civil Engineering, for which he earned an impressive Grade 2.1.

If you think we can assist on any current or upcoming works, please call our Business Development Manager, Gerard Kelly on 07717 420820.
