

# LOOKING BACK... MOVING FORWARD...

Before an exciting new business year begins, we thought we would take a few minutes to reflect on our achievements during 2019 and share with you below some of the key projects we had the privilege of working on last year.

#loveconstruction

**101**  
Strip Out and Enabling projects were undertaken last year by KpH

## Here are a few noteworthy mentions:

- **155 Bishopsgate** (circa 10,000 m<sup>2</sup>) for **British Land**. Awarded a **CCS Certificate of Excellence**.
- **66 Shoe Lane** (circa 15,000 m<sup>2</sup>) for **Endurance Land**.
- **Premier House** (circa 6925 m<sup>2</sup>) for **Victoria Spaces UK**.

25 North Colonnade, London

We successfully completed this 20 week Strip Out and Enabling project as Principal Contractor back in April 2019. The works comprised of the internal Strip Out of the entire office building (32,000 m<sup>2</sup> over 16-storeys) back to shell, including the removal of 104 tons of Roof Top Plant, a 7 ton Generator and Cooling Towers; requiring on average 13 skip movements a day. We were awarded a **CCS Performance Beyond Compliance Certificate** and received **top scores for Health and Safety**.

## HIGHLIGHTS OF 2019

100% of the 14,017 TONS of Non-Hazardous WASTE we removed from site was RECYCLED

We raised £4948.39 for CHARITY

We carried out 262 HEALTH AND SAFETY AUDITS.

We were awarded 2 x CCS Certificates of Excellence and 2 x CCS Performance Beyond Compliance Certificates.

## WHAT'S IN STORE FOR 2020?

• Continued investment into maintaining our position as an industry leading Strip Out and Enabling Contractor.

- Creation of automated applications to streamline processes and reduce our carbon footprint with a digital/paperless site-based Data Management System.
- Continued Investment into the implementation of a **Competency and Upskilling System**; tailored to our specialist skills and services in Strip Out and Enabling.
- Introduction of new and improved services to offer the Client enhanced options and added value.
